

# Hiya Key Clubbers of the I-I District!

Club Edition

Volume 1, Issue 1

Greetings Mighty I-I,

Hi my fellow Key Clubbers. I hope you're all as jacked (excited) for this new year of service as I am. My name is Daniel (DJ) Joseph Yunek and I'm here to rock out with the rest of this awesome district. I'd like to start off by congratulating everyone on their new positions from the club board to the district level. The plan for the first issue is to be out by at least the very beginning of May so be looking for it. And please encourage issues to be distributed to all clubs. I hope to make them fun for everyone to read. And please, please keep sending in articles about cool projects your club does or has done. And any articles you'd like to submit to be put in please do. I'm pretty new to all this stuff so I want to make the *Iolian* as much yours as mine. As long as the information is received and correct, why not have fun with it. This is a new year and a new chance to show the meaning of Key Club for the students. So please get involved, do your job, and let me know all about it. To get your stories published and to submit your ideas to me just use the info right ↓ there. Yeah I just did that 😊.

I've got about eight pages open in the *Iolian* for ANYTHING you want to put in. I can add some funnies at the end but try and stick to Key Club for the rest. But favorite service projects will be featured as well as a comic strip so those too can be focus points. Make this fun and exciting for everyone, but first just write the article. Thanks 😊
