

Hello Illinois-Eastern Iowa District Key Clubbers!

Coming from your new I-I District Secretary, Tori Albarracin, I would like to welcome you to our new Key Club year!

In this envelope you will find the April District Mailing. This contains newsletters and important information from each executive board member (Governor, Secretary, Statistical Secretary, Treasurer, and *Iolian* Editor). You will also find a "Fun Fact" sheet, which will be included in every district mailing and contains several interesting facts about our Illinois-Eastern Iowa District.

I have decided to "snail mail" the first district mailing, as to make positively sure each club receives it. However, after this month, I am going to ask each Lieutenant Governor to electronically send their clubs the district mailing. This should, hopefully, save paper and be much more efficient and inexpensive. If, on any given month, your club does not receive the district mailing by the end of the month, PLEASE let me know! It is very important to us that each club receives their district mailing each month, so please contact me (see information below) if you do not receive it.

Also, for those clubs who do not have a Lieutenant Governor for their division, I am aware and will be sending your district mailing through "snail mail" each month.

Please do not hesitate to ask questions and voice comments and concerns. Thank you, and enjoy the first district mailing of the 2009-2010 Key Club year!!

Serving with care,

Tori Albarracin
District Secretary
