Importance of Reporting!

Reporting is one of the greatest assets to both you as the club, and the District! Here are few reasons why it is so important to report actively for every month!

1. Reporting actively let's your respected Lieutenant Governor and the rest of the board know how your club is doing, and if you need any help...it is the best communication link between the District level and the club level!
2. Provides recognition for your club! By showing the rest of the District how your club is doing, and what kind of events you are holding, it gives all of us new ideas and let's us recognize you for all of your hard work!
3. Reporting is something that every club within the I-I has the opportunity to do...and it's a common link we all share. If a club in your division is reporting frequently, schedule a date to talk to their Secretary of Statistical Secretary about how they are reporting...that way you can get some awesome tips and advice!

These are just a few of the many reasons on why reporting is so vital to the District! Make sure to get all of your clubs reports in on time for both the reasons above, and to get the awesome awards below!!

Sections on the new report form!

Here's an overview of the new sections on the new report form!

1. Service Hours log box – simply to monitor service hours
2. Club Officer Evaluation- officers that need resources from the District
3. Improved Lieutenant Governor section – just to better your communication with your clubs!
4. Don't worry...none of these are huge changes, you will do fine!!

Getting those awards!

This past weekend at the District Board meeting, the awards committee began their hard work on the awards booklet. Here are the awards that your club can win – just by reporting!

100% Reporting Award

This is simply as the awards states, for those clubs that reported for every report throughout the year!

100% On-Time Reporting Award

Another self-explanatory award...for those clubs that reported on time for every report throughout the year!
