The Mighty I-I

For all you Key Clubbers out there still serving your communities I salute you. I know summer is a very busy time and time when most don't want to do anything. However it is also a time when so much work can be done. I'm asking all Key Clubbers to step it up and work extra hard this summer so that when the school year comes we're already off to a great start. Also send any great stories and pictures to me for the Iolian. It's a great idea to share all the summer activities with the rest of the I-I so everyone can get a sense of what other communities have been up to. Remember to keep up the hard work and continue spreading the great name of Key Club.

The Fun Part

It's here again everyone. I-Con. Everyone who's ever gone to I-Con knows how much fun and great it is. This looks to be no different. Everyone in attendance is in for a real treat and should take advantage of this great opportunity to learn about Key Club but also about community. It's hard to describe the love at I-Con and even harder to explain the joy and excitement felt there. Meeting people from all over the world and sharing experiences and swapping stories is a rare experience. So although I want everyone who is going to enjoy themselves I would also ask that everyone remember the experience and help me share that experience with the rest of the district in the Iolian which will be out late August. I hope everyone has fun and let the entire I-I district have a great, enjoyable, productive summer.

Thanks,
DJ Yunek
