CLUB EDITION

Hey Everyone. It's me again.

Hello Mighty I-I Key Clubs. We've all lasted the first month of the new year and I am so excited for what's ahead. The lolian will be coming out to your clubs shortly and I can't wait for your feedback; it means a lot. It's slightly behind schedule but I hope the extra time will be worth it. But I'd like to take a quick second right now to let all of you know who I am. I just realized that during DCON everyone who went heard all the other members of the board give speeches except me. First off, this wasn't because of special treatment it's because my position as lolian Editor has to be appointed by the Mr. Bob Hall. Well, basically I'm in a little of everything. You can't actually categorize me. I'm a football jock, male cheerleader, tuba-playing band geek, lazy track thrower, crazy rugby kid, an nerdy AP kid, and a sweet little Key Clubber. Yup, a little bit of everything. But I wouldn't have it any other way. Well, that's kind of it so ... yea:)

So, I kind of need your help

Calling all awesome Key Clubbers looking to be my best friend. Although I am the lolian Editor this is not my newsletter alone. This year I'd like to really emphasize that the lolian is the district's newsletter and can be whatever you want it to be. There are a few mandatory articles and sections I need to add but everything else is free game. Any interesting projects or events your Key Club hosts or helps with please send my way. Any cool experiences from project, stories of DCON or ICON, pictures you'd like to share with everyone. Any jokes or cool, funny pictures or comic strips you think would make everyone's day a little brighter. Anything at all that you feel would customize the lolian and make the I-I's newsletter different than any other districts please send it my way. I'd love to hear from the Mighty I-I and show-case all the special members that make this district so great. So please send in your articles and make this year all you can by making the lolian all you can.

Thanks,

DJ Yunek
